As a life long resident of the North Shore, (growing up in Winnetka) and a long time homeowner in Evanston, I have always loved this area. There is just no other place like it. Beautiful architecture in charming towns with warm friendly neighbors and great services make the Chicago's North Shore one of the best places in the country to live, work, and raise a family.

A local area expert with an insiders' knowledge of the North Shore communities, my objective is to work diligently to assist you in meeting your real estate goals.

When selecting a Realtor in any of the North Shore communities, strong knowledge of the local market, strong negotiation skills, and a commitment to providing excellent service are all crucial elements. However, effective communication skills and a general appreciation for real estate is a must.

I chose Real Estate sales as a profession because, simply put, I love houses and I enjoy interacting with people. I have always found myself admiring the styles of the different homes along the North Shore- from the 100+ year old mini mansions to the breathtaking architecture of today's innovations; I was moved to the point that I knew I had to become involved in the past, present, and future of these great assets.

Now that I have, nothing pleases me more than seeing the smiles that come with the transfer of these wonderful bits of our history.
